

IASC Health Seminar 2004

IASC has held a Health Seminar every year to create awareness in our community of various medical conditions that may affect us all one or the other, now or in future and how we can prevent or cure our loved ones or ourselves.

From last 5 years we have been involved in providing such education and have invited many Physicians, Surgeons from various fields. The last seminar was held on Sep 19th 2004 at Green Knoll Fire Hall, Bridgewater, NJ.

Somerset Medical Center nursing staff were present to perform Blood Pressure checks, with free sugar and Cholesterol testing. Dr. Farrukh Nizam (Neurologist) and Dr. Seenivasan (Surgeon) provided wonderful presentation followed by the Questions and Answer session many attendees asked questions pertaining to their physical conditions which the Physicians answered in great detail to the people satisfaction.

Anjali Shah, Haresh Patel, and Dr. Sharan Mahal who is our Trustee did an excellent job in cocoordinating the seminar. Special thanks Dr. Mahal for all your help. A lunch and tea were provided to the attendees which was sponsored by Anand Desai, from Forest Lab.

Dr. Sharan Mahal & Dr. Zeba Ni zam During Q & A Session.
